

Medicare Advantage Annual Preventive Care

wellcare

Schedule a visit with your member today!

Wellcare members are covered for:		CODES	
Annual Wellness Visit (AWV)	This unique to Medicare visit allows you and your patient to meet and discuss their health to create a personalized prevention plan.	1 per calendar year <i>Note: members do not have to wait 365 days between visits</i>	G0438, G0439*
Routine Physical Exam (RPE)	This Medicare Advantage Supplemental benefit is a comprehensive physical examination to screen for disease and promote preventative care.	1 per calendar year <i>Note: members do not have to wait 365 days between visits</i>	99381-99387** (new patient) 99391-99397** (established patient)

*Contracted Federally Qualified Health centers (FQHC) must include G0468 when billing AWV.

**Can be billed with the AWV with a modifier 25.

Please note: provider reimbursement is based on the terms and conditions of participation Agreement.

Topics to discuss during your patient's Annual Wellness Visit (AWV):

- ▶ Update patient's medical record: including demographics, other treating providers and family history
- ▶ Conduct a social determinants of health assessment
- ▶ Discuss advance care planning
- ▶ Screen for cognitive impairment, including depression, mental wellness and emotional health
- ▶ Conduct medication reconciliation and extend day fill opportunities (mail order or 90 days at retail)
- ▶ Complete pain and functional assessments; including use of Durable Medical Equipment (DME)
- ▶ Assess bladder leakage and care options
- ▶ Create a preventative screening schedule and refer members for tests, labs, X-rays (eye exams, colonoscopy, mammograms), counseling and care programs
- ▶ Complete the health risk assessment, including functional abilities, ADLS, instrumental ADLs and create an action plan
- ▶ Create patient's list of balance/fall risk factors and conditions; including interventions and treatment options
- ▶ Check routine measurements: height, weight, blood pressure, etc.
- ▶ Review current opioid prescription and screen for potential Substance Use Disorders (SUDs)

For more than 20 years, Wellcare has offered a range of Medicare products, which offer affordable coverage beyond Original Medicare. Beginning Jan. 1, 2022, our affiliated Medicare product brands, including Allwell, Health Net, Fidelis Care, Trillium Advantage and 'Ohana Health Plan transitioned to the newly refreshed Wellcare brand. If you have any questions, please contact Provider Relations.

Topics to discuss during your patient’s Routine Physical Visit:

▶ Health History	▶ Heart, lung, head/neck, abdominal, neurological, dermatological, extremities and gender specific exam (Non-inclusive list)
▶ Vital signs	

Quick reference – Medicare Advantage care

For People with Diabetes

- Annual diabetic retinal eye exam
- Review adherence of diabetes medications (consider 90-day fills for maintenance medications) and evaluate the addition of a statin to help prevent heart and blood vessel diseases
- Blood pressure monitoring
- Testing and control of HbA1c
- Kidney function tests
- Medical attention for nephropathy

Important Cancer Screenings:

- Colon cancer screening (Colonoscopy, Fit DNA test, Cologuard)
- Breast cancer screening
- Prostate cancer screening
- Lung cancer screening

As Needed

- Osteoporosis screening and management after fracture. Bone mineral density (BMD) test or prescription for a drug to treat osteoporosis within six months of the fracture.

Care for Older Adults

- Medication review and reconciliation by physician
- Functional status assessment
- Pain assessment
- Advance care planning
- Depression screening

Adult Vaccinations

- COVID-19 – initial and follow-up
- Influenza – yearly
- Pneumococcal – one time (may need booster)
- Meningococcal
- Tetanus, diphtheria, pertussis (Td/Tdap)
- Zoster (shingles)
- Hepatitis A
- Hepatitis B

TIPS to Ensure Healthy Outcomes

- Always share tests and screenings results with members, and discuss how they can access them, via a patient portal
- Be sure to submit all applicable conditions, via ICD 10 codes
- Leverage CPT Category II codes to ensure outcomes in order to reduce chart collection events
